LEGALITY OF OIL LEASES NOT BEFORE CABINET

Neither Was Propriety Ever Discussed, Secretary Hughes Declares.

NOT CONSIDERED AT ALL

Physicians Visit Former Secretary Fall to Determine Extent of Illness and Will Report to Committee Tomorrow; Counsel Studies Case.

By United Press.

WASHINGTON, Jan. 31.—The legality or propriety of the naval oil leases were never brought before the cabinet for a decision, Secretary of State Hughes declared today

In reply to an inquiry Hughes made the following statement

"The question of the legality or propriety of oil leases, now under discussion in Congress, were never brought before the cabinet for its decision. My opinion upon these questions was never sought or expressed either in or out of the cabinet. If the oil leases were ever referred to in cabinet meetings, and I do not recall that they were, it was certainly only by way of general reference, and without requiring any responsible action, which of course, I should not have been willing to take without examination of papers and statutes Having plenty of work in the Department of State I had no occasion to consider the questions of law and fact involved and I have not been called upon to take any responsibility in the matter."

Three impartial medical experts of Washington elected by the Senate investigating committee undertook today to determine just how ill Albert B Fall is. The physicians will report tomorrow whether they believe Fall is able to testify or whether it would be advisable for the committee to go to his bedside.

The House Naval Affairs Committee continued its inquiry into the naval policy of exchanging oil drawn from the reserve for storage and the spending of money derived from the oil to build docks, pumping stations and other equipment at Pearl Harbor, Hawaii.

Silas H. Strawn of Chicago, Republican member of the special counsel appointed by the President, was studying the evidence disclosed by the Senate committee. He will confer with Thomas W. Gregory, the Democratic counsel, as soon as Gregory gets here from Texas.

WASHINGTON, Jan. 31—Increasing pressure was brought by the Democrats in the Senate today to force immediate resignation of Secretary of the Navy Denby.

Renewal of the bitter debate that has extended over two days came immediately after the Senate reconvened.

Senator Trammell, Florida, Democrat, introduced an amendment to the Walsh resolution, expressing the sense of Congress that the President should demand Denby's resignation This was done to force the Senate to vote on Denby, even before the Walsh resolution calling on the President for appointment of prosecuting counsel could be passed

Senator Lodge, Republican leader, rose and asked that the amendment be defeated because it "looks like an attempt of Congress to assume the duties of the executive."

"It's lynch law. You are trying to do what you would not do to the meanest skulking thief on the streets of Washington," Lodge shouted at the Democrats as they resumed the attack on Denby

DR. CAMERON SPEAKS TONIGHT IN EPWORTH LEAGUE INSTITUTE

Dr. H. N. Cameron of Dawson will be the speaker tonight at the Epworth League home institute at the James Cochran Memorial Methodist Episcopal Church at Vanderbilt.

Tomorrow night will be rally night—the big one of the week. Dr. S. L. Marsh of Pittsburg will be the speaker. A consecration service will follow the study period.

Miss Mary A. Collins of Pittsburg spoke last night on missionary work among the Indians of the Southwest, the negroes of Alabama and the mountain whites of Kentucky, her talk being most interesting.

Miss Marie Bovard-Smith, conference secretary, whose work is to organize and reorganize leagues, also spoke briefly.

Meyersdale League Chooses Officers

MEYERSDALE, Jan. 31.—The regular monthly meeting of the Civic League was held Tuesday evening at the home of Miss Jessie McKinley at which the election of officers was held, resulting in the re-election of all officers as follows:

Mrs. H. H. Williams, chairman; Mrs. Clarence Rowe, vice chairman; Miss Jessie McKinley, secretary; W. S. Livengood, treasurer.

Long Sought "Sex Harmone" Is Discovered

By United Press

COLUMBIA, Mo., Jan. 31—Discovery of a scientific method of substituting gland extracts for the natural function of the female glands, a feat scientists have attempted unsuccessfully for 20 years, was announced by Dr. Edgar Allen today.

Dr. Allen, *professor of anatomy* at the University of Missouri, and Dr. Edward A. Doisy, professor of biological chemistry at St Louis University, are co-discoverers of the method. Definite separation of a secretion known scientifically as the "sex harmone" from the female reproductive glands is the basis of the method

Dr. Allen said he and his associate extracted the substance from the glandular tissues of cattle, and, injecting it into laboratory animals, from which the sex glands had been removed, caused all the changes produced naturally by the glands. It further brings into evidence the mating or sex instinct. *Its injection into* immature animals hastens the development of a sexually mature condition.

Dr. Allen believes the substance is not peculiar to any species of animals but general to females, including human beings, and it is the long sought for "sex harmone."

Senate Votes To Have Oil Leases Voided

By United Press.

WASHINGTON, Jan. 31.—The Senate this afternoon unanimously adopted the Walsh resolution directing President Coolidge to begin court action through special counsel to cancel the leases of the naval oil reserve and to prosecute such other action, civil or criminal, as may be warranted.

These are the leases granted to Harry F. Sinclair and E. L. Doheny through former Secretary of Interior Fall and which, the resolution charges, were "executed under circumstances indicating fraud and corruption."

Scouts Will Attend Anniversary Service Sunday, February 10

The Boy Scouts of Connellsville will attend the Scout anniversary service at the United Presbyterian Church Sunday morning, it was announced today by the committee named to select some church for this purpose. The Scout sermon will be delivered by Rev Francis J. Scott, the pastor, at the regular morning service.

Scout anniversary week begins on Friday evening, February 8 The church service is always a feature carried out here

The several troops will gather at their various meeting places on Sunday morning in time to march to the United Presbyterian Church by 10:45 o'clock. The service will begin at 11 o'clock. The church pastor will prepare a special subject for that day.

The Scouts will all wear uniforms and will be seated in a section of the church to be reserved for them

Youths Arrested for Dawson Robbery

On a charge of breaking into and robbing the store of Mike Duffy at Dawson one night last week, Clarence Ansell and I J. Colbert of Dawson were placed under arrest last night The young men stole some watches and revolvers and their guilt was discovered when Ansell tried to dispose of one of the guns, it is alleged. Following his arrest he confessed to the charge and implicated Colbert in the robbery, it was said.

Investigate Taxicab Accidents.

HARRISBURG, Jan. 31.—A thorough investigation of accident records of taxicab companies in Philadelphia and Pittsburg was ordered today by the Public Service Commission. Reports, it was said, indicate an alarming increase of accidents.

STATE POLICE ARRESTS IN '23 TOTAL 12,183

By United Press.

HARRISBURG, Jan. 31.—A decrease of 15 per cent in the number of arrests and 25 per cent in the stolen property recovered by the State Police is shown in figures for 1923 announced today by Major Lynn Adams.

Three times the number of prohibition arrests were made in 1923, compared with the previous year, it is shown. Violation of the liquor laws caused 4,027 arrests, compared with 1,401 in 1922.

The total arrests last year were 12,183, while $243,116 in property was recovered.

The constabulary decreased in man power from an average of 264 to 255.

MOTORISTS NOT HAVING NEW TAGS FACING TROUBLE

Today Last Day for 1923 Plates; Arrests Will Follow Use.

DRIVER PERMITS GOOD

HARRISBURG, Jan. 31—Tomorrow will spell trouble for many motorists who have been confused by the complications arising out of the new motor-vehicle laws. And March 1 will mean more trouble, according to a warning sent out by the Pennsylvania Motor Federation yesterday.

License tags for 1923 will not be good after today. This fact has been repeatedly published, both by the official bulletins of the State Department of Highways and to the organized motorists through the P M. F. In spite of this, inquires coming into Harrisburg reveal that probably thousands of motorists are resting under the delusion that their 1923 tags are good until March 1.

Drivers or operators' 1923 licenses are good until March 1, but the tags are not. And, according to the provisions of the new law, after this year all operators' licenses will expire on the last day of February but the tags are good only until December 31 of each year. This year the Secretary of Highways extended the time on tags because of the rush of work incident to the new system of registration. According to information here, there are still many motorists who have failed to apply for registration and many more who have applied for registration but have not applied for tags.

Motorists are warned they cannot get tags without title papers and they cannot drive after today without 1924 tags. Also all are advised to send in their applications for 1924 operators' license immediately. All they have to do is to secure an application blank from the nearest notary or from their club secretary and, if they hold a 1923 license, fill out the form and send it to Harrisburg with the $1 fee. No affidavit is necessary There will probably be such a great rush of applications in the closing days of February that the department will be swamped and the late comers will be unable to secure their cards until some time in March, thus being unable to drive for a period or running the risk of arrest if they do attempt to operate, under their old licenses.

If the applicant did not hold a 1923 Pennsylvania license he will be required to take an examination and pay another dollar. He can also secure a learner's permit, good for thirty days, by paying an additional fifty cents. Under a recent ruling of the department, holders of drivers licenses from other states will be treated exactly the same as if they had never been licensed and will be required to pass the Pennsylvania examination

RADIO FANS REPORT ATMOSPHERIC STATE HITHERTO UNKNOWN

Unusual atmospheric conditions prevailing the past couple of days have been a source of speculation for the radio fans in that they have prevented satisfactory reception of distant stations. Both on Tuesday and Wednesday nights it was virtually impossible to bring in any of the stations beyond Pittsburg, and when the DX signals are heard they are generally so weak that programs have been very unsatisfactory.

One peculiarity of the situation is that while the distant signals have been so weak as to be barely distinguishable, the Pittsburg stations have been coming through with unusual strength and clarity.

Radio experts, locally, have been unable to advance any theory regarding this situation other than that unusual atmospheric conditions are to blame. One radio fan reported that he has not heard any of the Chicago stations since Sunday night. Monday is "silent night" in Chicago, but many fans were unable to hear either WDAP or WJAZ on Tuesday or Wednesday

Another radiophan reported getting WSB at Atlanta, but the signals were very weak, as were those from WTAM in Cleveland.

E. W. Horner Gives Talk Before Rotary Club at Luncheon

A talk by E W. Horner on his classification, tailoring and clothes, together with a report of the committee on crippled children, were the main features of the weekly noon lunch of the Connellsville Rotary Club held today.

Dr. Junk Named Head Of G. U. Clinic Here

Dr. James L. Junk has been appointed by Secretary of Health Dr. Charles H. Miner as the chief of the G. U Clinic which will be opened at Connellsville, about February 1.

The clinic will be conducted in the room occupied by the Red Cross.

Broadcast Listeners Will Band Together to Combat Interference

A movement is under way to organize a Broadcast Listeners' Club in Connellsville. This, it is believed, will be the first organization in the country made up entirely of BCL fans. It is understood that membership in the club will be confined entirely to owners of receiving sets and that those holding transmitting licenses will be barred

The purpose of the organization is to combat, both locally and nationally, unnecessary interference of all kinds.

For a number of years the only organization among the radio public has been that of the amateurs, most of whom hold licenses to operate sending stations. As a consequence, regulations and legislation have been designed more for the protection of the amateur transmitter than the broadcast listener

During the past year or more the number of listeners has increased so rapidly that the proportion of listeners to senders has become overwhelming, yet the listeners have had no voice in the control of radio.

Within the next week or so it is said that a meeting of radiophans will be called for the purpose of forming a permanent organization. Among the things to be discussed will be the strict enforcement of the rule that transmitting stations remain silent during broadcast hours; extension of broadcast hours, and silent nights for broadcast stations

Efforts are now being made to obtain a list of broadcast fans in Connellsville to whom invitations may be sent for an organization meeting

Wilson's Illness Not Serious, His Physician Says

By United Press

WASHINGTON, Jan. 31.—Woodrow Wilson is ill and under the care of a physician who was called at noon yesterday to attend the former President. The physician, Dr Sterling Ruffin, will see Mr. Wilson again today.

"I do not consider Mr Wilson's condition serious," said Dr Ruffin this morning. "I do not feel at liberty to state the nature of his illness."

Admiral Carey T. Grayson, Mr. Wilson's personal physician, was due to reach Washington today from North Carolina where he has been hunting

WASHINGTON, Jan. 31—Former President Wilson has suffered a "digestive disturbance" but his illness has "yielded to treatment," Rear Admiral Carey T. Grayson said today. The former President is up today and is able to attend to his correspondence, Dr. Grayson said.

AUTOMOBILE CAUSED MAN TO LOSE RELIGION, WIFE'S SISTER SAYS

An automobile was the cause of James Timble, Indian Head miner, backsliding, religiously, a sister of Mrs Timble of Walgus, Indiana county, testified in a divorce action in Uniontown today, brought by Timble and contested by his wife. Timble was a Christian until he joined the ranks of the motorists, the witness said.

Timble said his wife's cooking was more than he could stand. It was necessary, he said, "to use a sledgehammer to break her pies."

The evidence revealed that $30 was raised by popular subscription to pay the expense of Mrs. Timble and witnesses to Uniontown for the hearing. A hat was passed around at Walgus.

Judge J. Q. Van Swearingen told Timble he would grant a divorce if Timble would agree to pay $1,100 to Mrs Timble, of which $600 would be for the support of a daughter 11 years old until she is 16. Timble did not indicate what he would do.

It was brought out that a son is with the father.

SCOTTDALE EMPLOYED GIRLS ORGANIZING

Special to The Courier

SCOTTDALE, Jan 31—There was a complete representation of girls employed in Scottdale at the employed girls' supper held at the Y. M. C. A. last evening. Forty-three were present. A committee was appointed on organization, with Miss Edna Krouse, *librarian*, as chairman, and the following members on the committee: Mabel Seeman, Zella Lowe, Mrs. C. B Petty and Miss Leviah Sherrick. It was found that 15 girls were interested in sewing, 10 in millinery, seven in domestic science, and 17 in china painting.

For the physical department a committee, with Miss Pauline Parker as chairman, has been chosen. On her committee are Gertrude Cramer, Hulda Kelly, Mrs. C. B Petty and Gladys Kromer.

Another supper will be held next Wednesday evening at which time definite courses will be decided upon and plans for organization will be completed

JOHNSTOWN HUNTER PAYS HEAVY FINE FOR KILLING DOE

EBENSBURG, Jan. 31.—The appeal in the case of George Nitch, well known Johnstown sportsman, found guilty on six charges of violating the state game laws and fined $600 and costs, *following a hearing before* Justice Charles P Rowland, has been withdrawn. Nitch paid the fine, thereby bringing to a close his connection with the case.

The doe case in which Nitch was defendant attracted statewide interest and the outcome has been watched with interest by sportsmen of Cambria and surrounding counties. Rumors that influence was being brought to bear in the case to have the hearing before the justice of the peace set aside, had been passed prior to the hearing, but apparently were not based upon facts.

Nitch, in company with another hunter, a prominent business man, is alleged to have killed two does the morning of November 15, near a salt lick and out of season.

Aged Millionaire Breaks Engagement On Wedding Day

By United Press

ATLANTA, Ga., Jan 31—While "waiting at the church" for Asa Cander, 73-year-old multi-millionaire, Mrs. Onezia DeBouchel, received a letter breaking the engagement and charging her with improprieties, Albert Howell, Jr., attorney for the New Orleans beauty, charged today

The accusation was made by Howell as he resumed reading letters written by Cander to Mrs. DeBouchel in the trial of the $500,000 breach of promise suit against the wealthy soft drink manufacturer

The aged manufacturer who wrote as often as three times a day to his "sweetums" during the engagement period shattered the romance with a brief note, received by Mrs DeBouchel on her wedding day, saying that he had been informed that while she was the sponsor for the Confederate reunion here she had received male visitors in her hotel room

Catholics to Raise $3,000,000 Toward Education in Diocese

A 10-day drive for $3 000 000 is the outstanding provision of an educational program submitted by the executive committee and approved by more than 600 priests of the Pittsburg Diocese of the Catholic Church at a special meeting called by Bishop H C. Boyle, in Synod Hall, Pittsburg, yesterday afternoon

The drive will begin March 29, and close April 7. A quota has been fixed for each parish based upon the parish's size and resources. Each pastor will be in charge of the campaign in his parish and will arrange for the raising of contributions among his congregation

The quotas will be announced later, according to Rev. Henry Geibel, pastor of the Immaculate Conception Church, who attended the meeting

Two Counties Will Construct Bridge At Masontown

Fund for German Relief in County To Be Voluntary

The campaign for *relief of German* children being conducted throughout the United States is well under way in Western Pennsylvania. Pittsburg has already secured over $40,000 of its quota Little has been received in Fayette county to date. All of the banks of the county have received advertising material and detailed information concerning the campaign from the Pittsburg headquarters of the organization and request has been made by the county committee for banks to receive contributions as they did in the Japanese disaster campaign. It is the hope of the county committee that many persons will voluntarily do this.

While no special quota has been assigned this county it is felt that a substantial sum should be raised. Theatres and motion picture houses in the county are taking an active part in this humanitarian cause and the manager of any theatre will accept contributions and turn them over to the bank. An association known as Motion Picture Owners of Western Pennsylvania has designated the present week as relief week and practically all members of this organization are advertising the relief campaign for German children on their screens.

The Fayette County Committee has been informed by Pittsburg Headquarters that it will be impossible to secure the services of General Henry T. Allen, chairman of the national campaign, to visit Fayette county. It has therefore been decided to abandon the idea of mass meetings and attempt to raise funds through voluntary contributions. Churches and Sunday schools are urged to take special collections for this purpose as they did for Japanese relief.

Dr. Haven Emerson, recent commissioner of health in New York City has just returned from Germany having been sent there by the American Quakers to make a survey of the present conditions. He stated on his return:

"The German people are dumb with despair. It is inconceivable that such conditions which exist among German children today should be allowed to persist when resources for relief are abundant in the countries which are at peace with Germany.

"Tuberculosis is sweeping the country and at least 20 per cent of the stations that formerly treated tuberculosis have been closed because of no funds to conduct them. The result is that adults, without treatment, have been forced back upon the homes where children and babies contract the disease."

Dr Emerson estimates that at least two million school children in Germany were in urgent need of food and that an additional five hundred thousand under four years of age should be fed. He stopped in Paris to confer with officials of the French government on his return and they assured him that France neither opposed or regards as unfriendly efforts of people in the United States to relieve the suffering among German children.

C. Reed Corbin Is New H. S. Teacher

LEGION DRIVE FOR MEMBERS CLOSES FEB. 12

At a meeting last night, team captains in charge of the drive of the Milton L. Bishop Post No. 301, the American Legion, for new members, determined to close the campaign on Saturday, February 12, Lincoln's Birthday, with a program and dinner. Plans were completed and a committee composed of Carl A. Moody, L. W. Carpenter, James Ryland, S. A. Marshall and Robert Baxter was named to carry out the arrangements

The enrollment, up to last night, is 107 It is expected this will be increased at least three times by the end of the drive Opposing teams are developing a keen rivalry for leadership.

CONTROLLER'S REPORT SHOWS GOOD BALANCE

Over $200,000 Remaining in Fayette County Treasury at End of Year.

EXPENDITURES $1,527,837

Bonded Debt of the County $1,588,000; Tax Levy for 1923 Shown to Have Been $1,179,056; Much Other Information on Pages 8 and 9

Expenditures of the several departments of Fayette county government for the fiscal year ending January 5, 1924, amounted to $1,527,837.94, according to the annual report of Controller Earl Huston which will be found on Pages 8 and 9 of The Courier today Receipts for the year were $1,325,308.19, which in addition to a balance from the previous year of $394,062.99, made available for use during 1923 of $1,719,371.18. There remained on January 5 a balance of $191,533.24, to which is added outstanding warrants amounting to $10,271.10, which increases the actual balance to $201,804 34.

In addition to the above balance, there is on deposit at four per cent interest the Sinking Fund Commission's balance of $543,400. The commission is composed of the three county commissioners, the county treasurer and the county controller. The accrued interest on deposits to January 1, 1924, was $26,391.96. This makes a balance in the sinking fund of $569,791 96 Hence, the total in all funds January 1, 1924, is $771,596.30

The sum mentioned above, $543,400, on deposit by the Sinking Fund Commission, is for the retirement of county road bonds at maturity.

The bonded indebtedness of the county is $1,588,000 All the county fee offices had a prosperous 1923 and at the close of their respective terms on January 5 showed a balance. The recorder of deeds had a balance of $1,341.25, register of wills, $1,452.90, prothonotary, $35,962.81; clerk of courts, $11,275 20, sheriff's office, $64,709.54, and the coroner, $1,412.53 The foregoing six fee offices had a grand total of $116,184 70 This entire amount is awarded to Fayette county's general fund permanently.

The total tax levy for the county for the year 1923 was $1,179,056.37

Total assessed valuation of the county for 1923 was $107,598,172. The personal property assessment (money at interest) was $12,323,569.

Fayette county had on January 1 1924, a total of 1,044 inmates at various institutions, they being incarcerated at 19 different places. The cost of inmates in 17 institutions, this being exclusive of the county home and jail, was $158,936.02 To maintain the county home during the year required an expenditure of $104,433.13; while the total cost of running the jail was $21,172 12 This gives a total cost of county inmates for the year of $284,542 17

T. Springer Todd, steward of the county home, yesterday turned over to the county treasurer $3,461.75, which represented the cash receipt at the home for the year 1923 For a detailed account of the controller's report see Pages 8 and 9 in this issue of The Courier

INGOT PRODUCTION REGAINS MORE THAN HALF GROUND LOST

Flow of Orders for Various Finished Lines; Price Advancing Influences Dominate Pig Iron.

Special to The Weekly Courier.

NEW YORK, Jan. 30.—The American Metal Market and Daily Iron & Steel Review will review the steel and iron trade tomorrow as follows:

The rate of steel ingot production decreased continuously during the last seven months of the old year, by a total of 38 per cent, and has now in one month regained more than half of the ground lost. Various circumstances have contributed in the making of this remarkable recovery. Heavier deliveries are called for on account of inventory being out of the way. Jobbers and manufacturing consumers are naturally disposed at this time of year to begin replenishing stocks against spring. The United States Steel Corporation is accumulating ingots and semi-finished steel to insure comfortable operation of finishing departments in the second quarter. Finally, the most important influence of all, buyers have become convinced that steel prices are well established to rule as long as fundamental conditions are even approximately as good as they are at present.

All along the line there is a flow of new orders, ranging from moderate to good in the various finished lines. The lines that are slackest are those that are the best sold up. The orders are widespread geographically and by lines of consumption, but there is conspicuous demand for merchant pipe and oil country goods and for structural steel. The bar demand jobbers is decidedly good.

Opinion is not unanimous about the future. Some observers note that mills are by no means well sold up, by old standards, except in rails and tin plate, but there is room for the rejoinder that steel market conditions are different now and far forward business is not a requisite for a sustained market.

The swing of mill operations as thus far developed would suggest heavier steel production in this year as a whole than occurred last year, yet there are no definite appraisals that would show how more steel can be consumed this year than last, for everybody was busy last year.

Pig iron has been presenting an uneven front in the past few weeks.

BETTER BUSINESS IN THE CONNELLSVILLE REGION.

The industries of the towns in the Connellsville region having become more diversified than they were 25 years or more ago, general business activity is less dependent upon the rate at which the ovens operate than formerly. However, coke production continues to be the most important factor in the prosperity of this section. When, some years ago the coke plants afforded about the only opportunity for the employment of labor on a large scale, business of the community progressed or stopped accordingly as the ovens were blazing or cold.

The coke plants were the chief agencies through which money in the form of payrolls was placed in circulation. When the paydays came regularly the merchants were busy. When the distribution of pay envelopes slowed down or ceased the merchants had comparatively little to do. In recent years these contrasting conditions have not been felt so sharply, other industries than coke making having developed to provide employment or to supply the decline in coke making. There has not, however, been so great a change in this respect that the coke plants have ceased to be taken into account. They still form the fundamental basis of the region's prosperity, the rate of their activity in very large measure giving answer to the question, "How's business?"

In the performance of that function the recent developments and the present trend give very unmistakable signs of an improvement in business being in progress. Since the new year began the number of ovens in active production has been increased from 14,983 to 16,935, a gain of 1,952, or 13 per cent. This brings the region up to about a 50 per cent rate of activity which was prevailing late in September last before it became necessary to restrict production because of the decrease in consumptive requirements.

It is significant of changed conditions to note that 1,741 of the newly fired ovens have been placed in commission since the end of the second week in January. The turn of the year is always followed by a slowing down in industry and business and it very frequently extends through the first month. That a substantial movement toward a larger coke trade began when the new year was but a fortnight old more than confirms the forecasts of those observers who had faith the situation would become more favorable early in the new year. It is evidence that healthful influences are operating to bring about better conditions in the trade. Proof of this is found in the increase in the rate of steel production to such point that the ground lost during the last seven months of 1923 has been more than regained during the first four weeks of 1924. There is a steady flow of orders for finished steel products and prices remain firm. Blast furnaces are resuming and consumers are buying iron more freely and at advancing prices.

All this is being reflected in coke, not by causing a sudden spurt in production or feverish activity among the operators, but a steady enlargement of output which is being kept safely within the absorptive capacity of the market.

With this kind of a foundation to build upon there is every reasonable expectation that with the advent of spring coking operations will be materially enlarged. This will mean the employment of more men, larger payrolls, more money in circulation and better business for every commercial and industrial enterprise in the Connellsville region.

If the Democratic National Committee does not have observers at the ringside in the miners' convention at Indianapolis they are losing a splendid opportunity to obtain pointers on how to conduct the bouts to be staged in Madison Square Garden in June.

Shooting sound sleepers with shot guns is not to be recommended as better or safer than dragging down stairs or other gentle methods of inducing wakefulness.

let to prey upon society. What wonder that crime should be on the increase.

In whose interest do the court and the law operate—the criminal's or the public's? The law undoubtedly was designed for the protection of society. But the law has got further and further away from its original purpose. It is complicated and hedged about with doubtful phraseology. The trial of any case is a contest of wits, with victory to the keener minds, regardless of justice. The criminal knows the situation and he profits by it. The law needs simplification as well as enforcement. The ideal of justice must be dominant in all legal proceedings. The law needs to be turned again to the protection of society.

Wearin' our hearts on our sleeves hain't so bad, but girls ought t' keep their souls out o' their eyes. Ford is out o' th' presidential race but we still have his backers an' th' worst of it is they hardly ever look around before they back.

Registration of the bonds shall not destroy or impair the negotiability of the interest coupons thereto attached.

SECTION 8.—The bonds issued in pursuance of this Ordinance and the Acts of Assembly so authorizing, shall be and become part of the funded debt of the City of Connellsville, and shall be entitled to all the rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the interest thereon semi-annually as herein provided, as the same shall mature and become payable the faith honor credit and property of the City are hereby specifically pledged.

SECTION 9.—Said bonds and interest coupons shall be in substantially the following form

UNITED STATES OF AMERICA
COMMONWEALTH OF PENNSYLVANIA
CITY OF CONNELLSVILLE
GENERAL IMPROVEMENT BOND OF 1924
No. ——— $1,000.00

KNOW ALL MEN BY THESE PRESENTS, That the City of Connellsville an municipality created by and existing under the laws of the Commonwealth of Pennsylvania, and located in the County of Fayette promises to pay to the bearer or if registered, to the registered holder hereof, at the office of its Treasurer, in the said City, on the 1st day of March, A. D. 19——, the sum of One Thousand ($1,000.00) Dollars in gold coin of the United States of the present standard weight and fineness or its equivalent with interest thereon at the rate of four and one-half (4½%) per centum per annum payable semi-annually, in like gold coin or its equivalent, at the office of its Treasurer aforesaid upon the maturity and surrender of the respective interest coupons hereto attached.

This bond and coupon hereto attached are free of all taxes now imposed by the State of Pennsylvania or any municipality thereof.

And for the true and faithful payment of the principal of this bond and the semi-annual interest thereon, as aforesaid the faith honor credit and property of the said City of Connellsville are hereby specifically pledged. This bond is one of a series of bonds amounting in the aggregate to Fifty Thousand ($50,000.00) Dollars issued by the City of Connellsville for valid Municipal purposes by virtue and in pursuance of an Act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An Act to regulate the manner of increasing the indebtedness of municipalities to provide for the redemption of the same and to impose penalties for the illegal increase thereof," approved April 20, 1874 and the several supplements thereto and amendments thereof and by virtue of Ordinance No. ——— duly enacted by the Council of the City of Connellsville, on the ——— day of ——— A. D. 1924, entitled "An Ordinance authorizing and directing the issue and sale of bonds of the City of Connellsville amounting in the aggregate to Fifty Thousand ($50,000.00) Dollars the proceeds of which shall be used for the erection and construction of a garbage incinerating plant, and the purchase of a site therefor the remodeling, enlargement and improvement of the West Side Fire Station the purchase of street cleaning and fire department equipment, the installation of a police call system, and the improvement and extension of streets and sewers and providing for the redemption of said bonds and the payment of interest thereon.

This bond may be registered at the office of the City Treasurer in the manner provided in the ordinance last above mentioned.

It is hereby certified that full compliance has been made with all legal requirements affecting the issue hereof that provision has been made for the collection of an annual tax sufficient to pay the interest and also the principal hereof at maturity, that the total amount of indebtedness of the City of Connellsville including the entire issue of the series of bonds of which this is one aggregating Fifty Thousand ($50,000.00) Dollars, is less than seven (7%) per centum of the assessed value of the taxable property therein, and that the indebtedness of the said City of Connellsville which has not been submitted to and approved by a vote of the electors of the said city, including the series of bonds, of which this is one is less than Two (2%) per centum of the assessed value of the taxable property therein, and that this bond and the debt created thereby are within every debt and other limit prescribed by the Constitution and the laws of the Commonwealth of Pennsylvania.

PHYSICIANS ADVICE

A Real First-Aid Method to Relieve and Break Up Colds.

To Stimulate the Circulation, Heat Up the Chilled Blood and Flush the Waste Poisons from the Intestines and Bowels.

It is a recognized fact that hot medicinal herb tea is one of the very best home remedies to use to assist in breaking up colds, which, when neglected, often develop into influenza, pneumonia or other serious sickness. It is old-fashioned, of course, but, nevertheless, its effectiveness is readily admitted everywhere today.

Many physicians now advise their patients to always have on hand a supply of Bulgarian Herb Tea for emergency purposes.

Harsh, drastic, habit-forming drugs should be avoided. Certain drugs have a tendency to depress the heart and disturb the nervous system. Druggists everywhere honestly recommend Bulgarian Herb Tea to their customers. Its gentle laxative and tonic qualities are wonderfully healthful. Why not see your druggist at once and get a small package for emergency purposes? You or some other member of your family may need it to fight a cold this winter.—Advertisement.

PIMPLES ON FACE AND BACK

Large, Hard and Red. Burned Like Fire. Cuticura Healed.

"My face and back were disfigured with pimples that were large, hard and red, and burned like fire. The itching and burning caused me to scratch, which made the pimples very sore. My clothing aggravated the breaking out on my back.

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more and after using three or four cakes of Soap and two boxes of Ointment I was healed." (Signed) Walter Gibbons, Princess Anne, Maryland.

The New ESSEX

A SIX

Built by Hudson under Hudson Patents

Essex closed car comforts now cost $170 less than ever before. Also with this lower price you get an even more attractive Coach body and a six cylinder motor built on the principle of the famous Hudson Super-Six.

It continues Essex qualities of economy and reliability, known to 135,000 owners. It adds a smoothness of performance which heretofore was exclusively Hudson's. Both cars are alike in all details that count for long satisfactory service at small operating cost.

You will like the new Essex in the nimble ease of its operation. Gears shift quietly. Steering is like guiding a bicycle, and care of the car calls for little more than keeping it lubricated. That, for the most part, is done with an oil can.

The chassis design lowers the center of gravity, giving greater comfort and safety, at all speeds, on all roads. You will be interested in seeing how this is accomplished.

Greater fuel economy is obtained. The car is lighter, longer and roomier. You will agree that from the standpoint of appearance, delightful performance, cost and reliability, the new Essex provides ideal transportation.

MOTHERS AND THEIR CHILDREN

Open Eyes.

One Mother Says:

I have trained my children's powers for observation of beauties of nature since they were very little. I took them for long walks, pointing out bright hues of flowers, trees that were especially graceful or quaint looking, and gorgeous sunsets. I always ask them what they saw when they come in from a walk alone. Every spring there is a special prize for the one who sees the first robin, and finds the first flower. They run to me eagerly with stories of their discoveries in the world about them.

Easy to Darken Your Gray Hair

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Advertisement.

Fluffy and Clinging Types of Dress Used

While the natural outline of figure remains popular, there will be some who prefer the fluffy to the clinging type of dress, even in ball gowns, says a fashion writer in the New York Times. Sometimes the gown seems to decide the style of dancing. The woman who waltzes the really truly waltz looks best in a frilly frock. She that does the tango will doubtless feel inspiration from the vamp-line gown, and it must be said that some of these are entrancing.

A prominent New York house is having great success with a beaded gown, all crystal and sea-green beads, embroidered upon a net foundation with sufficient breadth of line to permit freedom of movement; a gown quite different from the ridiculous sheath garment of a few seasons ago.

All-jet beaded gowns are less common than they once were, only a few really smart models being shown. Crystal is exceedingly popular, and some lovely dance frocks are seen in crystal opalescent beads upon crepe chiffon, with a narrow crystal fringe edging the bottom of the skirt, which is cut to the ankle.

The tendency is to delicacy and artistic beauty, and the diversity of designs provides for many individual preferences.

Petit point is the fad of the hour, and is introduced in miniature on many of the accessories of both evening and daytime dress. One dainty trifle is a tiny suede bag that holds a little powder puff and a lipstick encased in metal. On one side is an entre-deux in petit point of flowers. The top of the bag is cut in a fringe and closes with a drawstring.

Brides Weep Eight Days.

The Bahuma tribesmen in Uganda, central Africa—literally in the heart of the world—are the wildest and most uncivilized people of the world. They have unusually peculiar customs. Perhaps the most interesting of these is the manner in which a bride is supposed to conduct herself before her marriage.

To begin with, a bride is literally dragged away from her home by her husband. Her family ties a rope around her leg and hold fast to her. Then the bridegroom pulls as hard as he can. If he cannot succeed in overpowering the strength of his bride's family they weaken their hold on the fetter and make it appear that the husband has won his tug-of-war.

Then the victorious bridegroom takes his bride to the home of his mother. The most passionate weeping is done by the bride. She cries for eight days without stopping.—Detroit News.

Clog Dancer Arrested.

All the world's a stage for William S. Brooks, and therefore he believed that he had a right to buck and wing where he pleased. He started at a dance hall in Portland, Ore.

"Get the hook!" his audience yelled. He kept on dancing. "I'll get a cop!" the manager muttered. The policeman took Brooks to headquarters. He clogged for the officers in the garage. He clogged for the jailers. He clogged for the sleepy prisoners. He clogged until morning. He was too tired to clog in court, however. The acting judge sent him to the county jail for mental examination.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Democrats Offer Counter Plan in Tax Reductions

By United Press.

WASHINGTON, Jan. 31.—The Republican proposal to give all taxpayers a deduction of 25 per cent in the taxes they will have to pay this year on last year's incomes was met in the House today by a Democratic plan to grant larger reductions.

Representative Garner, of Texas, ranking Democrat on the Ways and Means Committee offered a resolution proposing to apply the reduction in his plan to 1923 incomes. He demanded immediate consideration of the measure but Chairman Green objected and it was referred to the committee.

The Democratic plan which Garner said would affect 2,000,000 taxpayers proposes:

First, exemption of $2,000 for single persons and $3,000 for heads of families.

Second, a normal tax of two per cent on incomes under $5,000 and four per cent on incomes from $5,000 to $8,000.

Third, surtaxes are graduated from six per cent on $8,000 to 44 per cent on $92,000.

Fourth, a 33 1-3 reduction on earned incomes which would affect farmers and small business men.

Cokers Will Play Before Capacity House at High School Gym Friday Night

Scottdale, With Improved Combination, Will Be the Big Attraction.

DOORS TO OPEN AT 7.30

Tomorrow night the basketball game which has always signified the peak of the season will be played on the local gymnasium. It will bring together Scottdale High and Connellsville High, old rivals who have always made it interesting for each other on the basketball floor.

The game this year may not mark the "peak" however, as it is expected the Norwin clash, when that team comes here a little later on, will be the biggest game of 1924. This is true because it looks as though Norwin and Connellsville will come together with the former having lost only one game and the Cokers none, which will make the clash between them determine the championship of this section of the W. P. I. A. League.

The doors at the High School will open at 7:30 o'clock Friday evening. In the past several years it has been necessary to turn away scores and scores of fans who arrived after the gymnasium had been packed to capacity. It is believed this performance will be necessary again tomorrow night.

Scottdale will be accompanied by a big crowd of rooters tomorrow evening. It is likely a real cheering duel will be in progress.

Nelson Girls Score Another Easy Victory

Nelson Girls, hitting their full stride again last night walked away with the New Alexandria girls' team, the final result being 46-5. The contest was staged at the armory before a good crowd.

The game was a real demonstration of the ability of the Nelson team to regain its punch after the poor showing against the Berry teachers Monday when the game was lost by a 4-3 score.

Although the score was lop-sided the activity of the home team, in setting an exceptionally rapid pace for girls, entertained the fans. Tennant starred again, scoring seven field goals.

The line-up:

Nelson Girls—46.		N. Alexandria—5.
R. Guynn	F	Moore
Tennant	F	Funk
Buttermore	C	Calwell
Kramer	G	Kummel
Sandusky	G	Shaw

Substitutions—G. Guynn for R. Guynn, Michaels for Kramer, McCormick for Sandusky.

Field goals—Tennant 7, R. Guynn 4, Michaels 3, McCormick 2, Buttermore 2, Funk, Calwell.

Foul goals—R. Guynn, 2 out of 4; G. Guynn, 1 out of 5; Tennant, 2 out of 3; Buttermore, 2 out of 2; Michaels, 1 out of 3; McCormick, 2 out of 4; Funk, 1 out of 6.

Referee—Fisher.

LION TAMERS PROVE TOO MUCH FOR FAST PERRY INDEPENDENTS

In a preliminary game to the Nelson-New Alexandria girls clash at the State Armory last night, the Lion Tamers, idle for several weeks, roared again and the fast Perry Independents, gripped by jungle terror, could not withstand the whirlwind offensive launched against them. The locals won, 38-16.

It was the stiffest set-back yet received by the Perry quintet. Perry got the "jump" immediately after the game opened by scoring a field goal directly from the tip-off and following this with a point from the free line.

On Saturday night, February 9, the Lion Tamers will go to Perryopolis to play the Independents a return game.

The line-up:

Lion Tamers—38		Perry—16
McCormick	F	Blair
Donnadio	F	Christman
Lowney	C	Edwards
Buttermore	G	Hamilton
Illig	G	Arthur

Substitutions—Lowther for Arthur.

Field goals—Lowney 6, McCormick 5, Donnadio 3, Christman 2, Edwards 2, Arthur.

Foul goals—Lowney 2 out of 2, McCormick 5 out of 10, Donnadio 3 out of 4, Blair 1 out of 2, Hamilton 1 out of 1, Arthur 2 out of 4, Christman 2 out of 7.

Referee—Snell.

Bearcats Win Over Live Wire Quintet

BEARCATS

The Christian Bearcats defeated the Baptist Live Wires by a score of 19-5 last night.

The line-up:

Bear Cats—19		Live Wires—5
Schell	F	Kreger
Charlesworth	F	Williams
Boyd	C	Ball
Blair	G	Trump
Dennis	G	Utts

Substitutions — Mosholder for Trump, May for Utts, Schenck for Schell, Kincaid for Boyd, Schell for Blair.

Field goals—Schell 3, Charlesworth 2, Dennis, Ball, Schenck.

Foul goals—Schell 5 out of 13, Kreger 1 out of 4, Ball 1 out of 3, Trump 1 out of 4.

Referee—Keslar and May.

Of Interest to Fans.

The Unity Fraternity five practices at the armory tonight. On Saturday, February 9 the team will go to Scottdale and on Wednesday, February 13 will play the Perry Independents at Peryopolis.

Confluence High School opened the Somerset County League season Tuesday night by dropping the first game to Berlin High School. The game, played at Confluence, resulted in a 19-15 score.

* * *

Capstan Glass walked off the floor at Trotter last night, while leading by a score of 10-9, following a dispute over the use of the Capstan ball the second half. It is the custom of basketball teams to change balls at the half but Trotter refused to do this. Capstan was given the alternative of either using the Trotter ball for the remainder of the game or leaving the floor. Accordingly Coach Hannigan instructed his men to dress.

* * *

Capstan Glass plays at Perryopolis on February 6. In a game at South Connellsville recently Capstan won over the Perry passers by a single point.

* * *

The South Hills High School team will be at the High School Saturday night. This team always gives the Cokers a real game.

* * *

The Varsity, playing the Faculty yesterday afternoon, showed little mercy to the teachers and trounced them by a score of 27-18.

* * *

The Greenwood A. C. will play the Egan five on Friday night at 6 o'clock at the armory.

Joie Ray of Chicago Is Best as Distance Runner

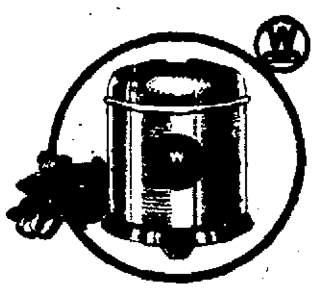
Any time Joie Ray wants to go six or seven blocks through the downtown district of Chicago he takes his taxicab and does it, but, when it comes to stepping a mile or two miles over cinder circles throughout this country and others, Joie takes to his feet and his legs have a habit of responding in most satisfactory fashion. In fact Joie is one of our ablest distance runners.

He is very small, neatly built and runs just like he was wound up. For a number of years he was assisting the Illinois A. C. of Chicago in its track and field endeavors, and he has been one of the club's most reliable point winners. He holds several records and is expected to prove one of our best bets in the coming Olympics. Joie is a taxi driver in Chicago. He formerly lived at Gary, Ind.

HAIR STAYS COMBED, GLOSSY

Millions Use It—Few Cents Buys Jar at Drugstore

Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair. Beware of greasy, harmful imitations.—Advertisement.



What Is A Good Radio Outfit?

This question seems to be in the minds of so many people who are interested in Radio. So we are taking this opportunity to answer it for you.

1—The first essential is a GOOD RECEIVER—one that is manufactured by a reputable concern, such as Atwater-Kent, "ZENITH" (Chicago Radio Laboratory), "FEDERAL," "RADIOLA" (Radiola Corporation), DeFOREST.

Accessories and parts made by the manufacturers of the above sets are, of course, essentials of a good receiving set.

2—PROPER INSTALLATION: No matter how much you pay for your set you will never enjoy its full benefits if the installation is faulty. The highest priced set you could buy would be practically worthless to you unless properly assembled and installed. And in this important matter is where the REED ORGANIZATION means so much to radio owners. "REED INSTALLED RADIO" means a good set installed in your home (without any worry or bother on your part). A Complete Receiving Set that can be operated with ease by any member of your family. At the simple turn of a dial you can tune in broadcasting stations near and far at will. REED'S MEN ARE TRAINED ELECTRICAL EXPERTS. And yet, this efficient service costs you no more.

3—SERVICE: No man-made invention is so perfect as not to need occasional attention. Radio is no exception. Occasionally certain things will go wrong. But you don't need to be without continuous performance of your Radio. That's why we have a Service Department of skilled electricians to keep your set in continuous operation.

REED INSTALLED RADIO is really all you need to keep in mind about your set. It is just another way of answering the question: "What is a Good Radio Outfit?"

The Atwater Kent Loud Speaker can be adjusted to obtain best results on different degrees of signal strength. No batteries required.

Stiff Joints Loosen Up—Back Ache, Sore Throat Disappear Over Night

HOT STUFF, BUT WON'T BLISTER

Musterine gets right to the spot—reduces swollen joints and takes out the inflammation, pain and agony and makes you forget your troubles in no time.

Nothing equals Musterine for relieving rheumatism, lumbago and such ailments. You can put it on full strength—it will not blister.

It is a good sensible, penetrating remedy for chest colds, sore throat, tonsilitis, pleurisy, and any tendency to congestion of the throat and lungs.

Druggists everywhere can supply you, but be sure you get the original Begy's Musterine in the yellow box. 30 and 60 cents.—Advertisement.

Build Your Reserve!

Corporations set aside funds called "reserves against depreciation." Machinery and buildings wear out with time and use, and it takes money to keep up the value and usefulness of the plant.

The human machine also wears out. Sickness or age reduces earning power. So NOW is the time to build up YOUR "reserve against depreciation" in the form of a growing account with this strong bank. Start it today.

Are You Ruptured?

Learn How to Heal It FREE

Ruptured people all over the country are amazed at the almost miraculous results of a simple Home System for rupture that is being sent free to all who write for it. This remarkable invention is one of the greatest blessings ever offered to ruptured persons, and is being pronounced the most successful Method ever discovered. It brings instant and permanent relief and does away with the wearing of trusses forever.

Thousands of persons who formerly suffered the tortures of old-fashioned steel and spring trusses are now rejoicing in their freedom from the danger and discomfort of rupture after a brief use of this remarkable System. There is nothing like it anywhere and hosts of ruptured persons are astounded at the ease with which their ruptures are controlled.

For a limited time only, free trial treatments of this Muscle Strengthening Preparation are being mailed to all who apply. It is an original painless Method. No operation, no danger, no risk, no absence from daily duties or pleasures. Send no money; simply write your name and address plainly and the free treatment with full information will be mailed you in sealed package.

Send now—today. It may save the wearing of a torturing truss for life.

How We Spend Your Money in building Studebaker cars

Why people buy 150,000 yearly

It is true that we spend lavishly on Studebaker cars. But it's all to your advantage.

It is by that spending that we give you the greatest value in the fine-car field. We offer prices no one matches on any comparable cars.

That lavish spending led people last year to pay $200,000,000 for Studebaker cars. And that volume brings our prices down to where they are.

$50,000,000 in plants

Studebaker assets are $90,000,000. In modern plants and equipment we have $50,000,000. Seventy per cent of that amount was spent in the past seven years. So it represents the last word in equipment.

$8,000,000 in drop forge plants, so every vital part is made to Studebaker standards.

$10,000,000 in body plants, so Studebaker ideals may be shown in every body.

All that is staked in a permanent way on satisfying fine-car buyers better than our rivals.

What extras cost

Lack of vibration is a famous Studebaker feature. We get that by machining crank shafts as they were in Liberty Airplane Motors. That extra cost is over $600,000 yearly.

Matchless endurance is another famous feature. One Studebaker Six, still in active use, has run 475,000 miles since 1918. We get that through costly steels. On some we pay 15% bonus to makers to get formulas exact.

Beauty of finish is another supremacy. But that finish requires many operations, including 15 coats of paint and varnish.

Our real leather cushions cost $25 per car over imitation leather.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under $5,000 in America. The Light-Six more than any competitive car within $1,000 of its price.

In closed cars we offer wondrous luxury. The lining is Chase Mohair, *made from the fine fleece of Angora goats.* Velour would cost about one-third that, saving up to $100 a car.

Note those bumpers, that steel trunk, those extra disc wheels with cord tires on some models. Note that extra courtesy light. Think what they would cost if you bought them.

The cost of care

The unvarying standards in Studebaker cars are fixed by a department of Methods and Standards. It is enormously expensive.

Our constant improvements are due to ceaseless research. 125 experts devote their time to the study of betterments. They make 500,000 tests per year.

That reliability is due to 12,000 inspections of the material and workmanship in each Studebaker car before it leaves the factory. This requires 1,000 inspectors.

Being generous with men

We pay maximum wages—at least as much as anyone else will pay. Then we pay extra for continuous service. Last year, 13,000 men in our factories got anniversary checks—total $1,300,000. After five years of service those checks amount to 10% of their wages.

We spend $2,000,000 yearly on our co-operative work for men.

Every year we give factory employes one week's vacation with pay. That cost us $225,000 last year.

We sell them stock on attractive terms. We retire old employes on pensions.

All this to keep men happy, to foster morale, and to keep men with us when they develop efficiency.

Not extravagance

Do such things seem extravagant? They are not. All those extra dollars save more dollars for our buyers.

They result in the cars you see, in the prices and values we offer. Nothing else in the field can compare.

Those values have resulted in a demand for 150,000 cars per year. That volume cuts our costs in two, as compared with limited production.

The cause of over-prices — under-values — is not lavish expenditure.

It is

Limited production,
Heavy overhead,
Out-of-date machinery,
Antiquated methods,
Non-economical plants,
Transient labor,
Discontented workers.

We've eliminated those things. We've done it at what seems to you a heavy cost per car. But each of those extra dollars saves $5, we believe. Note what values and what prices have resulted. Note the amazing demand—the overwhelming demand—it has brought for Studebaker cars.

Don't Buy Blindly

Studebaker is today the leader in the fine-car field.

It has made this concern the largest builder of quality cars in the world.

You can find nothing in cars at $1,000 or over to compare with Studebaker values.

Studebaker sales have almost trebled in the past three years. The growing demand is the sensation of Motordom.

For 72 years the name Studebaker has stood for quality and class. But never so much as today.

Then don't buy a car at $1,000 or over without learning what we offer.

Fish and Game Association to Combat Vermin

The Fayette Fish and Game Protective Association is preparing to launch a campaign of extermination of animals and birds that prey on game in line with the suggestion of the State Game Commission. The campaign will be conducted by units of the association and in some places is already under way, according to reports at a meeting of the association last evening at the store of President H. L. Krepps, at which Game Protector Robert G. Bryson spoke.

C. H. Seaton and William Dice of Uniontown started the campaign when the former posted $50 and the latter a fine hunting knife as prizes to the winning side of the Chalk Hill local killing the largest number of game enemies. The money will be used to pay the expense of a banquet and the knife as an individual prize.

The Frisbee Hardware Company of Connellsville will give 18 traps to the individuals at Mill Run scoring the highest while Ross Bros., and Gilmore & Rhodes of Uniontown will give similar prizes to Hopwood and Sandy Hill. The Craft Hardware Company of the countyseat also offers a fine hunting knife to the individual of Oliphant local killing the largest number of vermin.

Connellsville local is preparing to stage a similar campaign in which prizes will be given.

The officers of the association made arrangements to go to Chalk Hill Tuesday evening, February 5, to organize a local. It was also proposed to rent a hall for regular meeting place in this city.

Enjoyed a Good Night's Sleep.

"I wish to say that FOLEY PILLS worked O. K. on me in a couple of hours and the pains left me at once. I took a couple of them in the afternoon, went to bed and had a good night's sleep and have slept good ever since," writes Con Thiel, 113 E. Columbia St., Fort Wayne, Indiana. FOLEY PILLS are a diuretic stimulant for the kidneys and will increase their activity. Refuse substitutes. Sold everywhere.—Advertisement.

The Paramount

"THE TRAIL OF THE AXE"—showing today at this theatre, features Dustin Farnum, the well-known actor.

"The story is a strong one and is told in a direct line from start to finish. Dave Malkern's love for the girl who prefers his brother, and the efforts made by Dave to justify the girl's love and trust in a fellow he knows to be unworthy, creates a situation easily understood by everyone. As for the big scene in the picture, it is considerably more extraordinary. It will uphold my contention that the public enjoys seeing a man in a perilous position from which there is apparently no escape. Briefly, Dave Malkern's peril is this: His logging camp is dynamited by an enemy and in the wreck a log strikes him full on the chest, pinning him down and making rescue or escape equally impossible. His efforts to free himself will, I think, satisfy the most exacting patron who demands first of all a thrill in the pictures he sees."

Friday and Saturday, Franklyn Farnum will be presented in 'Baffled.'

The Soisson

"PIONEER TRAILS," on view today, Friday and Saturday at this theatre, presents Cullen Landis and Alice Calhoun in the title roles. Here in a film of the early West was visualized in a dramatic manner that thrilled and pleased a delightful story of young love and youthful chivalry and daring. It is the kind of story that picture fans crave, and so seldom get. "Pioneer Trails" is a human interest story, despite the fact that it goes back to the days of the great gold rush of 1849 for its start, and is all the more colorful because of the pleasing atmosphere set by this period. The story opens with a prologue of tremendous appeal, that of a young couple with their boy setting out for the unexplored recesses of the West in a prairie caravan. Midway to their destination, the train is attacked and the party with the exception of the young son killed off by Indians. This sequence is one of the most realistic ever seen on the screen. It gives spectators a thrilling idea of what the early settlers were up against.

Monday, Tuesday and Wednesday of next week Corinne Griffiths and Frank Mayo will appear in "Six Days," by Elinor Glyn.

The Orpheum

"THE LONE STAR RANGER"—With Tom Mix in one of the best roles of his screen career, opened at this theatre for a three day attraction.

"The Lone Star Ranger," the famous best-seller by Zane Grey which has been made into a motion picture by William Fox, has been read by more than ten million people since its publication in 1915, according to Harper Brothers, publishers.

The noted author's work has been through more than seventeen editions and from the demand it will pass through many more before it is finally shelved.

The book has been translated in many foreign languages and found fertile soil in the readers of these countries.

Mr. Mix is supported by Billie Dove, L. C. Shumway, Stanton Heck, Ed Peil, Frank Clark, Minna Redman, Francis Carpenter, William Conklin and Tom Lingham.

Monday, Tuesday and Wednesday of next week, Mae Marsh will be seen in "The White Rose," a D. W. Griffith production.

Smoker's Teeth Bleached White in 3 Minutes

New Safe Method Removes Stains—Makes Teeth Flashing White.

No matter how much you smoke—no matter how stained your teeth may be—a new safe treatment has been perfected by prominent dentists which bleaches away tobacco and other stains, leaving teeth wonderfully clear and white. This new discovery is called Bleachodent Combination. Consists of a mild, harmless liquid which softens and breaks up the stains and a new kind of paste. The paste not only quickly and gently removes the softened stains—but used daily prevents the formation of new ones. You'll be amazed to see how quickly dark teeth are made flashing white and lustrous. Bleachodent Combination is safe and harmless to use. No effect on enamel as its mild ingredients are especially designed to act only on surface stains—not on enamel itself. Originally prepared for whitening children's soft, sensitive teeth which are so easily injured by harsh, gritty pastes and powders. Get Bleachodent Combination today. Costs only a few cents at all good dealers such as Connellsville Drug Co., Laughrey Drug Co., C. Roy Hetzel, W. E. Eisel—Advertisement.

Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Friends tell friends—these friends tell others. They eat substantial food, live as they like and still reduce steadily and easily without going through long siege of tiresome exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a box or if you prefer you can order direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich.—Advertisement.

INCOME TAX IN NUTSHELL.

WHO? Single persons who had net income of $1,000 or more or gross income of $5,000 or more, and married couples who had net income of $2,000 or more or gross income of $5,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1924.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 1040A and Form 1040; also the law and regulations.

WHAT? Four per cent normal tax on the first $4,000 of net income in excess of the personal exemption and credits for dependents. Eight per cent normal tax on balance of net income. Surtax from 1 per cent to 50 per cent on net incomes over $6,000 for the year 1923.

TIPS FOR TAXPAYERS.

No. 26.

If for any reasonable cause, such as illness or absence, a taxpayer can not file his income tax return within the time prescribed by law, application may be made before the date the return is due to the collector of internal revenue for the district in which the taxpayer lives or has his principal place of business for an extension not to exceed 30 days. As a condition of granting the extension, the collector may require the submission of a tentative return and estimate of the tax and the payment of one-fourth of the estimated amount of the tax. A tentative return should be made on the usual return form, marked "tentative" at the top, and should contain a statement of the estimated amount of the tax believed to be due, and be properly executed. Tentative returns will not be accepted unless permission is obtained previous to filing. A copy of the authority to file the tentative return must be attached thereto.

If before the end of a 30-day extension granted by a collector an accurate return can not be made, appeal for a further extension must be made to the Commissioner of Internal Revenue. Except in the case of taxpayers who are abroad, no such extension shall be for more than six months. Additional extensions will not be granted by the commissioner without a clear showing that a complete return can not be made by the end of the 30-day period.

SMITHFIELD, Jan. 31.—H. B. Mathiot left yesterday for Punta Gorda, Fla., at which place he will spend the remainder of the winter.

Mrs. Carrie Metcalf has gone to Baltimore, Md., at which place she will spend a few days before leaving for Florida.

Among those who attended the meeting Saturday of the justices of the peace at the courthouse were J. C. High and W. A. Gruver.

Walter J. Hittle has gone to Cleveland, Ohio on legal business.

E. O. Carr has purchased land on the brick road to Ruble and will begin building at once.

Earl Morgan has purchased the plan of building lots on Water street, formerly owned by A. H. Kiger.

Quite a large funeral took place here Sunday, that of Lawson Heavner of Fairchance. Mr. Heavner, veteran of the Civil War, was 89 years old. The Legion had charge of the services at the cemetery.

Mr. and Mrs. Frank Bolan spent Monday in Uniontown.

Miss Edna King was a Uniontown visitor Monday.

Diphtheria has made its appearance in the high school at York Run. Two rooms were closed for fumigation.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

South Connellsville

SOUTH CONNELLSVILLE, Jan. 31.—Miss Frances Fisher entertained a few friends at her home in First street Tuesday evening. The evening was spent in playing five hundred and mah jongg.

A program has been arranged by the Gibson Literary Society to be given in the high school February 22, in observance of Washington's Birthday.

John Ambriaco who has been ill at his home in Third street is rapidly improving.

John Lynch, formerly of the freshman class of the Connellsville High School, has been enrolled in the Gibson High. He took up his studies yesterday.

Day by day the roads are getting muddier and muddier, and more and more the citizens are complaining.

Can Soap impart BEAUTY?

Do you believe that the momentary application of soap can put something valuable into your skin. The value of good soap is not in what it puts into the skin, but in what it takes out—dirt and pore-refuse. It should cleanse the fine texture of the skin thoroughly, which calls for rich, thick LATHER, and cleanse gently, safely, which calls for PURITY.

Try Sweetheart's lather—a richer, thicker, more cleansing lather than you supposed a pure, white soap could make—and a mild, soothing lather because of its strict purity.

Sweetheart is highest quality at bottom price—it has no coloring matter, heavy perfume nor fancy wrapping to pay for. Remember that the finest soaps cost little to make and should retail at a low price if sold without frills.

The oval cake fits the hand. Contains all the soap that can be compressed into it—hard and solid. Delicately scented.

Just try Sweetheart—from your grocer or the better druggists.

Loosen Up That Cold With Musterole

Have Musterole handy when a cold starts. It has all of the advantages of grandmother's mustard plaster WITHOUT the blister. You just apply it with the fingers. First you feel a warm tingle as the healing ointment penetrates the pores, then comes a *soothing, cooling* sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frosted feet, colds of the chest. It may prevent pneumonia and "flu."

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole.

- how the sale will be helpful to you

NEXT Friday, February 1st., begins a Sale of White with brand new ideas—a sale planned not only to save you money but to give you definite ideas about how to make the intimate apparel you'll need for the coming season. Five special features prophesy that it will be one of the most helpful events in the history of the store.

—the majority of the merchandise featured in the sale was bought especially for the event and has just come into the store. Which guarantees fresh, new assortments.

—we have had finished models made up in beautiful new lingerie materials—so that you can see how sale fabrics will look in real life.

—Pictorial Review is sending hand painted posters which show Spring ginghams made up according to new Spring styles. A guide to help you in the selection of new patterns.

—the McCallum Hosiery Chart tells what shades to choose in stockings to match or blend with the popular footwear shades. (Stockings, in these shades, featured at $1.65-$2.50 and $3.25)

—sale prices on linens of traditional Wright-Metzler quality are the lowest we have been able to quote in years.

Sale begins Friday, Feb. 1st, promptly at 8:30.
